

## Hello 307th BG Veterans and Families

## Are you ready for Santa Fe? We are!

Well, folks, there are two words that will surely describe this trip. "Comfort" and "Different"! Our reunion host, Beth Kendall, knew from experience that they don't call Santa Fe "The City Different" just to advertise. You'll see!

And take a look at the Drury Plaza Hotel lobby! There is comfort, relaxation and local charm at every turn in this brand new addition to the Drury chain of deluxe hotels. Beth and Don Calarco toured this hotel when it was still under construction. *"This lobby was just a huge hole in the middle of tons of raw concrete, wiring and construction workers, and we had to use our imagination. This far exceeds our expectations. The group is going to love this trip"* says Beth..... and we believe she's right!

A lot has gone in to making this year's reunion and member meeting special. Be sure to look over this entire package as there are a few items that may require your attention.

## Santa Fe, here we come!

A special thanks to Camilla Mandler

Be sure to attend the Member Meeting at 2:00pm on Saturday in the main floor Hospitality Room.

This year is an election year and your vote is very important.

The Board of Directors is comprised of the elected officers (President, Vice-President, Secretary, Treasurer) immediate past president, chairpersons of all standing committees and all assistants to the functional heads.

The officers of the 307th BG Association each serve a two-year term. The Parliamentarian and the Historian are Chairmen of their respective committees, appointed by the President, subject to Board approval.

This year, two dedicated and responsible members of the 307th have been nominated for President: Michael Cotter and John Poggi.

We are seeking nominations and suggestions for nominations for the following Board positions:

## **IMPORTANT DETAILS ABOUT THIS YEAR'S MEMBER MEETING (continued)**

A nomination for Vice-President is expected. The nominee will run against Christine Hoover, who will run for a second two-year term.

Jim Walsh, currently serving as interim Secretary / Treasurer, will also be nominated for a second term.

We are also seeking nominations for two very important committee chair positions and we are in dire need of a leader for these positions. Elected nominees will also serve on the Board of Directors and will become part of the executive team. Please consider submitting nominations:

**Publicity Chairperson:** This committee chair will be responsible for directing all outbound communications, such as emails, newsletters, announcements, press releases, and web-master management of the 307th website. This is a great spot for a younger family member with computer savvy experience with FTP, Skype, HTML editing, Publisher, Email, Excel and Microsoft Word. But don't worry, Don Calarco will provide full training, orientation, templates and ongoing guidance and assistance.

**Asset Inventory Chairperson:** This committee will be responsible for managing the PX inventory, processing PX orders and new product recommendations. We currently average only three orders per month. Computer access and minimal floor space is required. Don Calarco will provide full training, orientation and assistance. Responsible 2nd or 3rd generation family member is required. Please consider managing this committee.

**Please send your nominations and suggestions ASAP to the Nominating Committee at [orders307@americanmktg.com](mailto:orders307@americanmktg.com)**

## Three New Segments for the Long Rangers Show Hosted by our Historian Jim McCabe

**1.** The Navajo Code Talkers, who outsmarted the Japanese by replacing the Army's standard code system with a rare Navajo based coded language were homegrown in New Mexico. Unfortunately, the last living member of this incredible group of WWII heroes passed away earlier this year. However, Beth Kendall is searching hard to find a 2nd generation family member of one the famed legends of the war.

We're hoping she gets lucky! And if so, they will be one of Jim McCabe's guests during the banquet and we are hoping to hear a few interesting stories from one of the great story tellers of the Navajo nation.

**2.** For those of us who have not had a chance to see the entire application, Don Calarco will take us all on a guided tour of the 307th PX. We'll browse our collection of 307th Bombardment Group memorabilia like books, hats, jackets, pins, patches, bumper stickers and more. This is also where you will apply or renew your membership. Including the new Couples and Family membership.

**3.** Finally, Jack Palmer will host a hands on demonstration of the 307th Video Chat Room, provided by Skype. If you know of anyone who may miss this years reunion...AND....if they have a computer with a camera and headphones/microphone, here's a chance to bring the reunion to them, if only for a short visit. We only have room for 8 guests. Make it a family affair, but let us know who's in ASAP, so we can send instructions to join the chat. It will all happen approximately 10:30pm EST / 9:30pm CST / 8:30pm MST / 7:30pm PST  
Contact Don Calarco at [dccalarco@gmail.com](mailto:dccalarco@gmail.com) ASAP if you are interested in joining the fun!

**Also, you are encouraged to bring photos, and other memorabilia to be displayed and shared in the Hospitality Room. Please do!**

**Now for something very special for up to  
8 members (or families) who may not be able to  
make it to the Santa Fe reunion.**

For a brief period during the Saturday evening dinner, (September 20, 2014) at approximately 8:30pm (MST) Jack Palmer and Don Calarco will be demonstrating the ease and use of the  
307th Skype ChatRoom LIVE!

We'd all love to have you check in and say hi to everyone. So please plan on it. Just have someone assist you with the Skype installation and send an email to [dccalarco@gmail.com](mailto:dccalarco@gmail.com) and we'll send you the simple steps to join the call.

We are looking forward to making this new feature a BIG HIT, allowing Veterans, members, family and friends an opportunity to stay connected.
